

TECHNICAL DATA SHEET

PremARC™ Red Pigment

Description

PremARC™ Red Pigment is a versatile product and used to color integral concrete and industrial and architectural water based coatings. It is specifically designed for application on playgrounds and other sport surfacing using appropriate recycled rubber, EPDM and TPV granules.

Applications

Pigment used in running track applications for the coloring of the top layer of the rubber surface.

Storage and Handling

Protect from freezing. Ideal storage is in a well ventilated area and keep cool. *Read the PremARC™ Red Pigment Safety Data Sheet before handling, storing, or using this product.*

Precaution

Prior to application, the user *must* read and become familiar with the risks and hazards associated with the use of this product. Adherence to and observation of proper safety techniques cannot be overemphasized. For any additional information, please consult your American Recycling Center, Inc. sales representative.

Please read the SDS carefully before use.

Properties

Hegman Grind	6 minimum
Specific Gravity	1.54
Viscosity	1000-10000 cps (spindle 6/20 RPM)
pH	7.93
Pigment Percent	52%
Nonvolatile%	53.76%
VOC ^{actual} g/l	0.00
Tint strength	n/a
DE	n/a
DL	n/a
Da	n/a
Db	n/a

*These are typical properties of the emulsion and should not be considered specifications. Copies of the specifications are available upon request.

Handling

Wear proper protective equipment at all times. Avoid contact with skin and eyes. In the event of eye contact, flush eyes thoroughly with water and seek medical attention. Consult SDS before handling and observe all recommended safety and handling practices. Pressure can build up in new and previously opened containers, open all containers carefully. Protect open containers from moisture. Dispose of contaminated materials and empty containers in accordance with Federal, State, and Local regulations.

Customer Notice

ARC encourages its customers to review their application of ARC products from the standpoint of human health and environmental quality. To help ensure that ARC products are not used in ways for which they were not intended or tested, ARC personnel will assist customers in dealing with ecological and products safety. Your ARC sales representative can arrange the proper contacts.
